

Service record

Mechanic: Jaco Pretorius

Job number: SR-90441

Date: 15 August 2026

Fleet client: Coastal Couriers

Registration: ND 458-217

VIN: WF0XXXTTGXGY12345

Vehicle: Ford Transit 350 panel van

Odometer: 90 214 km

Fuel: Diesel

Engine hours: 4 812

Service schedule items completed

90 000 km major service at the client's Pinetown yard. Engine oil and filter, fuel filter, cabin filter, air filter, spark plugs not applicable on this diesel, glow-plug inspection only. Brake inspection front and rear. Coolant level and condition checked. Drive-belt condition checked. No other vehicle from this fleet was opened on this visit.

Consumables and parts used

5.5 L 5W-30 oil. Oil filter. Fuel filter. Cabin filter. Air filter. No brake parts fitted.

Inspection findings

Front brake pads on ND 458-217 measure 3 mm. Rear pads 7 mm. Discs within wear. No fluid leak at the calipers. Tyres legal. No warning lamps after the service.

Advisories

Front pads at 3 mm — replace both sides. The fleet representative declined to have the pads replaced on this visit and asked that the work be deferred to the next scheduled stop. That deferral is recorded here. The signature below is the record that the advisory was given and not carried out on 15 August 2026.

Next service due

Next service 100 000 km or 15 February 2027, whichever comes first. If the front pads are not replaced before then, they should be rechecked at 93 000 km.
